

# Exciting Change to the *Parent Update* Newsletter

The *Parent Update* has been a monthly publication of the American Association of Christian Schools for more than 20 years. We have changed the 8 ½" x 14" *Parent Update* newsletter format to a 5 ½" x 8 ½" format.

The new size will give you more options to present timely messages on Christian education to your students' parents. This new format allows the *Parent Update* to be easily inserted into church bulletins, report card folders, and reenrollment packets. You will also find it easier to display the *Parent Update* in your school office.

In addition to the new printed format, we have a link available for your school's Web site so parents can read the newsletter online.

The cost of providing the *Parent Update* to your parents is minimal when compared to the benefits your school and parents will receive from this publication.

**The *Parent Update* is a great way to keep the message of Christian education in front of your parents. Order today!**
